Quarantine Centers

Shiroy Horseracing School

This Quarantine Center is located on the premises of the JRA Shiroy Horseracing School, which is about 50km/31.1 miles from Narita International Airport. It is about 60 minutes by horse van from the airport. The facility accommodates a dirt training track of 1,400m (about 7 furlongs) in circumference and 17m wide.

Transportation time from Shiroy Horseracing School to Each Racecourse /Airport * by horse van

From Narita International Airport:	50km/31 miles	1 hour
To Tokyo Racecourse:	65km/40.5 miles	2 hours
To Nakayama Racecourse:	10km/6.2 miles	0.5 hours
To Chukyo Racecourse:	372km/231 miles	5.5 hours
To Kyoto Racecourse:	500km/312.5 miles	9 hours
To Hanshin Racecourse:	550km/343.5 miles	10 hours

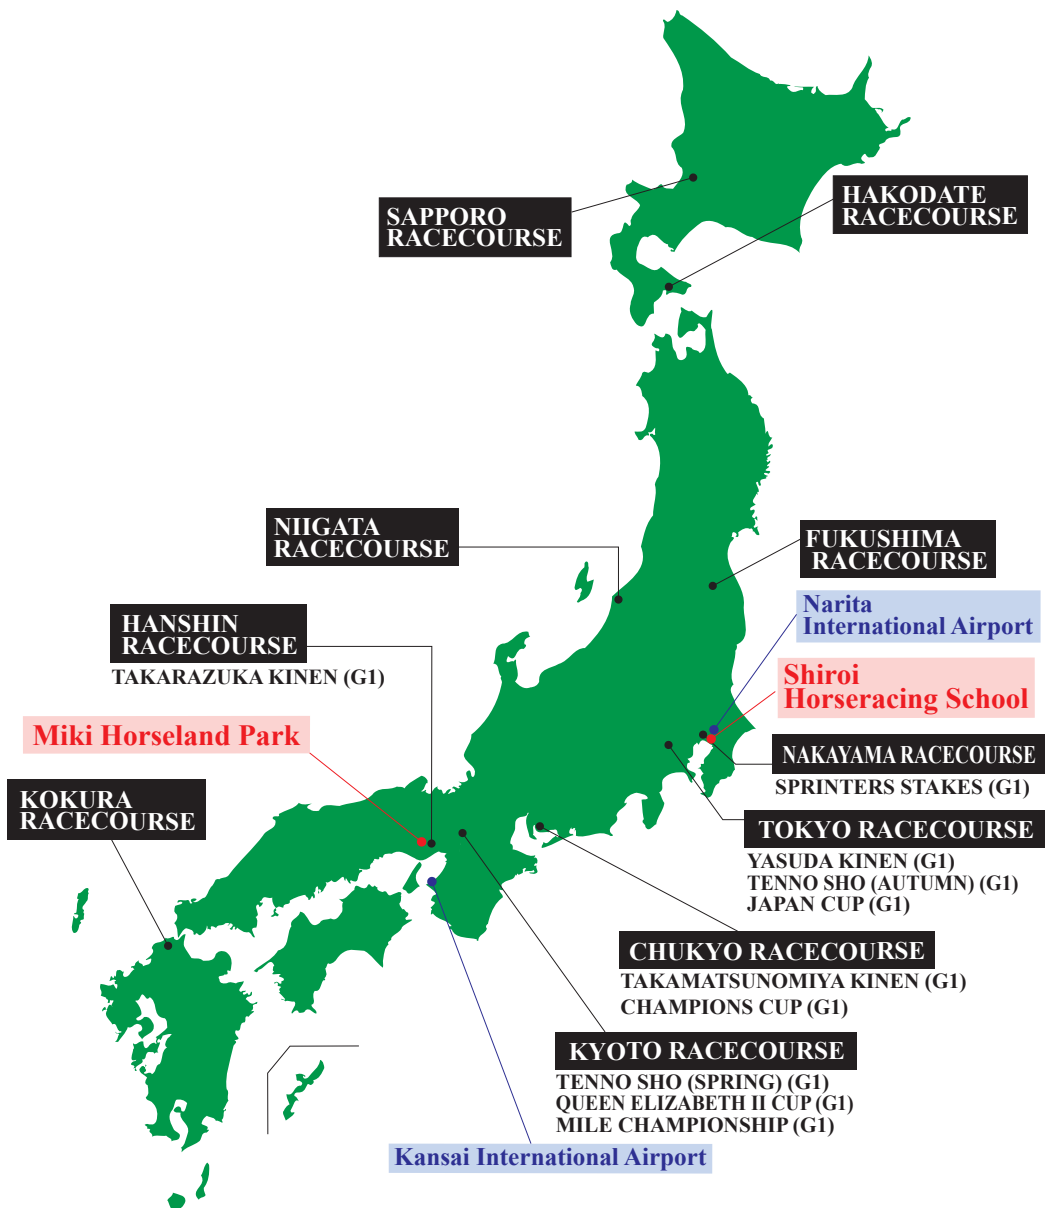

Miki Horseland Park

This Quarantine Center is located on the premises of Miki Horseland Park, a public operated foundation in Hyogo Prefecture, in the western part of Japan. The facility accommodates a dirt outer track of 880m in circumference and 10m wide, and a smaller inner track of 627m in circumference and 10m wide.

Transportation time from Miki Horseland Park to Each Racecourse /Airport * by horse van

From Kansai International Airport:	150km/93.5 miles	2 hours
To Chukyo Racecourse:	225km/139.5 miles	3 hours
To Kyoto Racecourse:	90km/56.5 miles	1.5 hours
To Hanshin Racecourse:	50km/32.5 miles	1 hour

Horsemen's Information

(As of January 2018, Japan Racing Association)

SELECTION OF RUNNERS

Entries and participations in the JRA races are subject to the JRA Rules of Racing. Candidate horses for the race will be assessed on their relative merits by the JRA Selection Committee. The JRA has the sole authority and discretion in determining the selection, and the decision of the JRA shall be final. The confirmation of intention to participate and the ability of the horse to meet the schedule of timing necessary for pre-race quarantine will be considered for the selection. The JRA reserves the right to make additional selection from candidate horses which can complete the necessary formalities and logistics in time to participate in the race.

CONDUCT OF RACING

1. Declaration to Run

Trainers are required to declare their horses to run at the prescribed time for each race. It is essential that any special equipment to be carried by the horse is also declared on the declaration form. If a horse is to run with blinkers, a declaration that it is to do so must be made. When a horse has been declared to run with blinkers, they shall be worn, and when no declaration of blinkers, they must not be worn by the horse during the race.

Some equipment may not be allowed to be used without prior permission and therefore, please contact JRA stewards in advance.

2. Scratches

Scratches in JRA racing, which are solely based on the opinion of the Owner or Trainer, for reasons of weather, or change in track conditions are not permitted on or after the deadline for declaration.

Scratches are only possible after receiving the approval of the stewards of the meeting through the submission of a document certifying to any accident to, or disease of the horse.

3. Licensing

Visiting Trainers and Jockeys are required to attend a licensing interview with the JRA stewards for the issuance of their license upon his/her arrival. All trainers and jockeys who are granted a license agree to be bound by the JRA Rules of Racing.

4. Lead Ponies and Assistant Starters (Gate Crews)

Lead ponies are not used and cannot be brought into Japan. JRA does not have any assistant starters situated inside the starting gate stall in order to keep the horse in check.

5. Starting Gate Loading Procedures

All JRA races use a Starting Gate System. The Starting Gate is a movable set of stalls with gates that open simultaneously at the start of the race. Prior to running in races conducted by the JRA, only horses which passed a gate test prior to the final declaration are able to run in the race.

During the gate test, the starter will check the necessary loading procedures for a minimum twice, and a horse needs to be approved by the starter as being capable of loading, standing still and leaving (jumping out of) the stalls. Trainers are required to inform the JRA after the preliminary nomination if the horse has any unruly or specific behavior at the start. However, no special loading request will be permitted apart from request to load the horse first for efficient loading.

Loading will take place under the direction of the starters. As a general rule, horses with odd numbers in the draw will be loaded first, followed by those with even numbers, and the horse with the highest number in the draw will be loaded last no matter whether the number is odd or even. This procedure is taken for the safety of horses and people concerned, for speedy and efficient loading to start the race.

However, horses with blindfolds or those horses with bad records at loading may be loaded first no matter whether the draw is odd or even. Should there be an unruly horse with the highest number, the starter may decide to load the horse with the second highest number draw last.

6. Matters to be noted in Relation to Jockeys

- a) The Jockeys to ride in the JRA races must enter and stay in the **Jockey's Quarter at the racecourse** designated by the JRA by **9:00 PM** on the previous day of that race meeting day. (For the Japan Cup, the Jockeys must stay at accommodation facilities designated by the JRA from 9:00 PM on the previous day of the race.) This is done to uphold the integrity of racing.
- b) A Jockey must ride in a race carrying the officially announced weight. The safety vest is mandatory and 1.0 kg allowance will be applicable. For example, if the announced weight is 57.0 kg, the Jockey has to ride the horse at the weight of 58.0 kg.
- c) A jockey must ride in a race with the safety vest and helmet listed in the International Agreement on Breeding, Racing and Wagering (Article 27, Appendix 10 bis).
- d) The JRA may require the random selection of several Jockeys on race day to take and pass a urine test for prohibited substances (stimulant drugs, marijuana, narcotics, psychotropic drugs, β 2 stimulant, β 2 blocker and diuretics etc.) or a breath test for alcohol.
- e) Only padded whips whose pad is longer than 17cm and width is no fewer than 2cm nor more than 4cm can be used in Race. Also a whip which is 77 cm (approximately 30 inches) or longer is prohibited from being used in races.

7. Insurance

- a) JRA will not be responsible for horse insurance and connections are advised to make their own insurance arrangements for horse.
- b) **All visiting horse connections (Owners, Trainers, Assistant Trainers, Travelling Head Lads, Exercise Riders and Grooms) are strongly recommended to arrange their own insurance to cover travel, work, non-work injury and illness.**
- c) All visiting jockeys will be covered by the JRA's accident compensation policy during under the control of the JRA.

8. Other Pertinent Information

When a horse bleeds in a race, the JRA Rules of Racing prohibits the horse from racing in the JRA races for one month for the first offence.

OWNERSHIP

1. Registration for Ownership and Colors

The application fee is **JPY10,000** (about US\$91) for Owner Registration (both Private and Company Owner applicants) and **JPY3,000** (about US\$27) for Registration of Racing Colors. All funds required in this application process must be submitted in Japanese Yen.

2. Owner Registration Tax

Accompanied with Owner Registration, **JPY90,000** (about US\$818) must be paid to the Japanese Government in accordance with the Registration and License Tax Act. This amount must be remitted to the bank account designated by JRA.

3. Ownership Change

The JRA Rules of Racing only allows the name of **ONE** Owner per horse as registered name. In case of a change in the Ownership of a participating horse, the new and old Owners must report to the JRA as immediately as possible one Owner's name under which the horse is to be raced, accompanied by the documentary evidence such as an Ownership Registration Certificate issued by the horse racing authority of the country represented, or the sales contract.

After a horse is drawn into a race, there shall be no transfer nor assignment of any Ownership interest in such horse until after the race, or until such horse is scratched from the race, if sooner.

4. Declaration Fee

Declaration Fee must be remitted to the bank account designated by the JRA. It will NOT be refunded after the horse is declared to run.

For G1 races (excluding 2yo races):	JPY 300,000
G1 races (for 2yo) and G2 races (excluding 2yo races):	JPY 100,000
G2 races (for 2yo), G3 races:	JPY 50,000
Other Races:	JPY 30,000

5. Payment

- | | |
|---|-------------|
| (1) Application Fee for Ownership | JPY 10,000 |
| (2) Application Fee for Colors | JPY 3,000 |
| (3) Owner Registration Tax | JPY 90,000 |
| (4) Declaration Fee (for 3yo+ G1 races) | JPY 300,000 |

**(1), (2), and (3) are necessary only for the Owners making registration for the first time after 1st January 1999. Once registered, this registration is valid throughout the period the Owner is registered as a JRA Owner, and the payment is necessary only once.*

Payment of (1)~(4) must be remitted by noon, Friday, one week prior to the race day, Japan time. Please be sure that payment is made in Japanese yen.

All bank charges and commissions (including paying bank charges) are to be paid by the owner.

The designated bank details are as follows:

Account Holder: JAPAN RACING ASSOCIATION
Account Number: 0005-001-7834038
Bank: MUFG Bank, Ltd. Head Office, Tokyo, Japan
Bank Address: 2-7-1 Marunouchi, Chiyoda-ku, Tokyo, Japan
Swift Code: BOTKJPJT

Please fill in the name of your horse and race on the message section of the application for foreign remittance transactions so that the JRA can confirm from whom the bank transfer was sent.

PRIZE MONEY

All Prize Money will be wholly awarded to the single nominated Owner, who is registered with the JRA, for participating horses. Any split in prize money that reflects multiple Ownership is a matter of private contract or agreement between those Owners. The JRA also does not deduct any percentages for Trainer, Jockey, and stable staff from prize money.

EXPENDITURES

As a general rule, Owners of participating horses will be entirely responsible for all travel, accommodation, quarantine, isolation and all incidental costs associated with themselves, their horses, Trainers, Jockeys, and stable staff. However, the JRA will provide the following expenses:

1. Van transportation expenses between the International Airport and the Quarantine Center and the Racecourses in Japan.
2. Stall fees at the Quarantine Center and at the Racecourse.

JAPAN CUP HOSPITALITY

For invited overseas horses for the Japan Cup, the JRA will provide the following:

1. **Air transportation** between Japan and the point of embarkation / disembarkation for the horse and two attendants (economy class).
2. **Return business class air tickets** for Owner, Trainer, Jockey, and their spouse / partner (Not transferable).
3. **Five nights accommodation** (one room) for Owner, Trainer, and Jockey at JRA Official Hotel.

TRAVEL SUBSIDIES

For Grade 1 races listed on pages 6-15 in this guidebook, the JRA may offer travel incentives for particular overseas horses taking into consideration factors such as the horse's International rating.

Please contact our Representative Offices for details.

TAXATION

a) Income Tax and Corporation Tax (for the money and prizes earned in Japan)

1. Owners are not obliged to pay tax in Japan. However, there is a possibility that an Owner who holds permanent establishment (i.e., office) in Japan would pay tax as a self-assessment.
2. Trainers are not obliged to pay tax in Japan.
3. For Jockey, Exercise Rider and Groom, twenty percent (20.42%) tax will be deducted at the source on money and prizes earned by the individual.

b) Consumption Tax

Any person who had taxable earnings exceeding JPY10 million in Japan during 2016 or has paid any salary, allowance, or pension for retirement exceeding JPY10 million to resident of Japan from January to June of 2017 is obliged to pay by self-assessment a consumption tax of eight percent (8%) on the money and prizes of 2018. It is each individual's personal responsibility to file tax as appropriate to their status.

“Customs Duty”

The law of Japan requires that a customs duty of JPY3,400,000 (about US\$30,909) is to be levied per horse for any racehorses temporarily imported within the borders of Japan. This customs duty is waived for horses that are planning to race in Japan, under the precondition that the horse is again exported as promptly as possible after the race.

Owners must deposit the above amount of money as bond with the customs house during the period of stay in Japan. This money will be returned when the horse is again exported from Japan following the race.

The Owner must also abide by the following additional requirements:

- After the race, the horse must not be used for another purpose in Japan.
- After the export quarantine, the horse must depart from Japan as promptly as possible.

FEED, BEDDING AND WATER

1. Feed and Bedding

As a general rule, feed, feed additives and bedding are arranged by the JRA. Feed, feed additives and bedding other than those arranged by the JRA must be tested before its use while in Japan. Feed and bedding used during airplane travel must be disposed of upon arrival at the airport in Japan. Any other feeds brought into the country must be kept in the JRA's custody until after the race.

2. Precautions on Quarantine

If you wish to import feed or feed additives for your horse to Japan, you must obtain a phytosanitary certificate issued by the Agricultural Department of your country. In addition, upon arrival in Japan, feed or feed additives, must be cleared by the Plant and Animal Quarantine Department and Customs, and pass Physico-chemical tests conducted by the Laboratory of Racing Chemistry. It may take time to go through these procedures.

Therefore, if your horse must have feed or feed additives that cannot be replaced by the JRA provisions mentioned in "List of Feed Available in Japan" on page 32, please contact the JRA Representative Office as far in advance as possible. Please note that if you fail to notify our office as far in advance as possible, you may not be able to use your feed or feed additives immediately after arrival.

3. Water

All JRA facilities are furnished with complete water and sewerage service. The water from the waterworks is potable water, which more than satisfies the standards prescribed by law.

The quality of water is soft compared to North America and Europe.

HORSESHOES

1. Type of Shoes

Please note that shoes for racing must be 9 millimeters or less in thickness, 22 millimeters or less in width and 125 grams or less in weight. The JRA will check whether the shoes which are brought are permissible or not, after coming to Japan. The Trainer is responsible for ensuring that his/her horse is shod in accordance with the requirements of this instruction.

The following shoes are **not permitted** during a race:

- a) Shoes whose calk is higher than 2 millimeters (2 millimeters is permitted) from the surface that touches the ground, and shoes whose calk on one end is sharp (i.e. Toe grabs)
- b) If there is a difference in thickness between the inner line and the outer line which is divided by the center groove, and whose surface touches the ground unevenly, the difference must be 3 millimeters or less (i.e. Rim shoes)
- c) Shoes that may pose a danger to other horses such as those with protruding object(s) attached to the bottom of the shoe, typically crampons and notches (i.e. Blocks and sticker heels)

- d) Shoes whose surface touches the ground unevenly around the circle, and are not on the same arc (i.e. Bent shoes)

Shown below are the typical images of such **banned** shoes;

a) Toe grab

b) Rim shoe

c) Block and sticker heel

2. Nails and Nailing

A nail with a sharp head must not be used for shoeing. Nail heads must not protrude more than necessary (protrusion must be less than 2 millimeters or less).

3. Shoeing

Farriers of the JRA will be available for shoeing by request. The JRA will recommend bringing extra shoes and nails of own, in case our stock shouldn't meet the request. Please contact the JRA Veterinary Section or respective JRA Representative Offices for further information.

VACCINATION

Vaccination requisite is based on the animal health requirement agreed upon between the government authorities of each country and the Japanese Government. Export quarantine requirements prior to the departure from the country, should also be ascertained in advance from your respective Government Departments and you should follow their instructions for the necessary vaccinations since certain countries require particular re-entry procedures.

Although the JRA will be pleased to respond to any inquiries you might have on this topic, please also ask your country's government for the latest information.

Equine Viral Arteritis Vaccination

In the case whereby a horse tests positive for antibodies of Equine Viral Arteritis (EVA), that horse will not be able to enter Japan. Therefore, please DO NOT vaccinate against EVA.

West Nile Virus (WNV) Vaccination

This is especially important for North American horses, and European horses planning to come to Japan after running in North America. The conditions for each of these horses are different based on the areas which they have visited or transited, the length of these visits and so forth. Please take a look at the following requirements.

Any horse which, during the last 60 days, has been in an area which has had an outbreak of West Nile Virus (WNV), must be vaccinated against that virus, or must be certified under the conditions set forth by the Government of Japan, prior to entering Japan.

Japanese Encephalitis Virus Vaccination

Aside from the requirement established by government, the JRA strongly recommends that the overseas trained horses which participate in the races held in our jurisdiction from July to October to be vaccinated against Japanese Encephalitis (JE) virus with an acceptable inactivated vaccine before coming to Japan. The JRA does not take any responsibility for any horses coming to Japan during this period without being inoculated with the necessary vaccine protection from JE. Although it is also possible for the JRA to provide the vaccine required for inoculation prior to the horse coming to Japan, owners should ask the respective authorities in their own country about import procedures and permission for use of the vaccine overseas.

It is important that all vaccinations a horse has been administered must be recorded in its passport. The JRA's veterinarian judges whether a horse is vaccinated or not only through the description in the passport.

Therefore, please ensure that all the records are completely written in the passport especially immediately after vaccination.

MEDICATION AND DRUGS

1. Drug Control Regulation

In Japan, entering a horse to race under the influence of drugs which temporarily stimulate or depress race performances is prohibited strictly by Horse Racing Law. Also, the usage of certain drugs is restricted from the standpoint of horse welfare and injury prevention (hereinafter referred to as restricted drugs) by the JRA.

Besides those prescribed in these regulations, all matters concerning the control of drug administration to racehorses shall be prescribed by the JRA Veterinary Officer. Please check with the JRA beforehand when considering any drug administration to horses scheduled to race in JRA races.

A) PROHIBITED DRUGS

- a) **Prohibited drugs** (listed on the following page) are defined as "**substances which temporarily stimulate or depress race performance**". In the event the **prohibited drugs** (except for anabolic steroids) are administered to a horse, the horse concerned cannot race for a period of 10 days. However, if the prohibited drugs such as Detomidine (49) and Medetomidine (94) are administered, the horse concerned cannot race for a period of 5 days. In addition, please be aware that Lasix (75 Furosemide) is also listed on the following page.
- b) The use of anabolic steroids is not permitted. The JRA will conduct a physico-chemical test as Out-of-Competition Testing to confirm that a participating horse is free of anabolic steroids after arriving in Japan.
- c) The use of any unlisted substances with the purpose of, or lead to temporarily stimulating or depressing race performance is prohibited. Please refer to Article 31 of the Horse Racing Law and Paragraphs 132-136 of the JRA Rules of Racing (<http://japanracing.jp/en/information/jra-rules/rules-racing.html#c9>).

B) RESTRICTED DRUGS

- a) Horses must not race under the influence of **restricted drugs** (listed below), which are defined as "**drugs to be restricted from the standpoint of horse welfare and injury prevention**".
- b) The JRA will recommend withdrawal times for **such restricted drugs**. Please contact the JRA Veterinary Division or respective JRA Representative Offices for specific information.

Please refer to Article 7, 12, and Separate Table (2) of the Matters to be Instructed by Veterinary Officers.

(<http://japanracing.jp/en/information/jra-rules/veterinary.html>)

LIST OF RESTRICTED DRUGS

(As of April 2014)

- 1 Glucocorticosteroids (Cortisone, Dexamethasone, Triamcinolone, Triamcinolone Acetonide, Hydrocortisone, Fludrocortisone, Prednisolone, Betamethasone, Methylprednisolone, and other substances with similar chemical structure or similar biological effect(s))
- 2 Non-Steroidal Anti-Inflammatory Drugs (Aspirin, Acetaminophen, Acemetacin, Aminopyrine, Antipyrine, Ampiroxicam, Amfenac, Isopropylantipyrine, Ibuprofen, Indometacin, Ethenzamide, Etodolac, Etoricoxib, Epirizole, Emorfazone, Eltenac, Oxaprozin, Oxyphenbutazone, Carprofen, Glycyrrhizinate, Ketophenylbutazone, Ketoprofen, Ketorolac, Salicylamide, Sodium Salicylate, Methyl Salicylate, Zaltoprofen, Diclofenac, Dimetotiazine, Sulindac, Sulpyrine, Celecoxib, Tiaprofenic acid, Tiaramide, Tenoxicam, Tepoxalin, Deracoxib, Tolfenamic acid, Nabumetone, Naproxen, Valdecoxib, Piroxicam, Firocoxib, Phenacetin, Phenylbutazone, Felbinac, Bucolome, Pranoprofen, Flunixin, Flufenamic acid, Flurbiprofen, Proglumetacin, Vedaprofen, Meflofenamic acid, Mefenamic acid, Meloxicam, Mofezolac, Loxoprofen, Lornoxicam, Neurotropin, and other substances with similar chemical structure or similar biological effect(s))

2. Veterinary Instructions regarding medical treatment

- a) No medical treatment can be given to a horse from the day before the race.
- b) Prior consultation with the veterinary officer is necessary in case a drug or medication is to be administered to a horse scheduled to run, or feed additives other than those provided by the JRA are to be given.
- c) No one except the veterinary officers of the JRA can diagnose or give treatment to the horse.

3. Medication and Pharmaceutical Products Brought into Japan

- a) Medication and Pharmaceutical Products brought into Japan by persons involved with scheduled runners can not be used at JRA premises, unless tested beforehand at the Laboratory of Racing Chemistry. This includes soap, shampoo, skin protection cream, hoof oil and other substances used for the horse's care. Therefore, any such untested medication and pharmaceutical products will be kept in the JRA's custody until after the race.

- b) A variety of products, such as hot and cold compress medications (poultice), massage medication, shampoo, and nutrient additives that are comparatively in wide use in foreign countries are available. A list of these supplies is available at each JRA Representative Office.

4. Physico-Chemical Test after Race

Physico-chemical tests are conducted on horses that finish first through third in the race, and any horse designated by the stewards of the meeting, under the Rules of Racing of the JRA. The horses concerned must submit urine or/and blood sample after the race. The collected samples will be divided into two samples, and Physico-chemical test will be conducted at the Laboratory of Racing Chemistry, on sample A. Should the existence of a prohibited drug or medication be detected, sample B will then be tested automatically at the same Laboratory, in the presence of the non-partisan designated witnesses, who have knowledge of the field of Physico-chemical testing. No notice will be given to the connections of the horse at this time. No person other than these witnesses can be present at the retest procedure. If the presence of the same prohibited drugs or medication is detected in both samples A and B, it will be considered as a violation of the drug and medical regulations. The horse concerned will be disqualified and suspended from running in a race for a fixed period. The connections of the horse will not be entitled to receive any prizes, or prize money. The horse connections concerned may be charged under Article 31 of the Horse Racing Law and will be penalized in accordance to Paragraphs 123, 131, 138, and 140 of the JRA Rules of Racing.

QUARANTINE PROCEDURES

The Animal Health Requirements may have changed. Please ask your country's government for details.

All quarantine procedures are based on the special animal health protocols agreed upon between the government authorities of each country and the Japanese Government. Import is thereby under the conditions that the horse will be temporarily imported to Japan to run in a race and will immediately undergo export quarantine after the race.

Under the quarantine conditions applied to overseas trained horses, the Government mandates that the period of stay of a horse in Japan shall be 60 days or less (from the day of release from import quarantine up to the day before export quarantine).

Therefore, permanent import of the horse, for such reasons as selling the horse in Japan, will not be allowed.

The following quarantine procedures will take place:

- a) Upon arrival at the international airport, horses must be immediately transported to the Quarantine Center. Japanese Government quarantine officers carry out individual quarantine procedures for the participating horses. However, horses arriving on the same plane will normally be tested together.
- b) The import quarantine period is a minimum of **seven days** (arrival and departure date to and from the quarantine is included in the quarantine period). Transportation to the Racecourse is allowed only after the completion of import quarantine. It is necessary to clear all the tests that are required by the Japanese Government during the quarantine period.

1 st day	2 nd day	3 rd Day	4 th day	5 th Day	6 th day	7 th day
Arrival In Japan	← QUARANTINE PERIOD →					Move to Racecourse

- c) During the quarantine period, horses must follow the training timetable designated by the quarantine officer.
- d) During the quarantine period, Grooms and Exercise Riders are prohibited without proper authorization from leaving the Quarantine Center.
- e) On the last day of the quarantine period, a test for equine influenza will be conducted by an official JRA veterinarian in addition to a Japanese Government test.
- f) After being cleared from quarantine, necessary follow up measures will be instituted at the racecourse for epidemic prevention.
- g) The export quarantine will be conducted at the racecourse. The period is one day or less. However, this is not applicable in cases where the Government of the importing country (e.g. Australia) requires more days of the quarantine period than that which is prescribed by the Japanese Government.
