

Odds

"Odds" show the likely payouts on winning bets; Lower odds means that the horse is favored by many people and your return is lower. Higher odds brings you higher payouts. Odds change constantly until the cut-off time for placing bets. (2 min before post time)

Win

These are the odds for a "Win" bet. The odds for horse No. 1 are 3.6, so a bet of ¥100 will pay out ¥360. The lower the odds, the more people have bet on that horse.

Place

These are the odds for a "Place" bet. The payout on these bets depends on the combination of horses finishing 1st to 3rd. If horse No. 1 finishes in first three places, a bet of ¥100 will pay out between ¥160 and ¥190.

Bracket Quinella

You can work the odds on a Bracket Quinella bet by combining the numbers at the top with the numbers listed below them. In the case of 1-4, a bet of ¥100 will pay out ¥1,270.

A "Place" bet on this race will pay out if the horse finishes 1st, 2nd or 3rd.

Odds can be checked on monitors inside the racecourse

Use the monitors to check the odds for the bet you want to place!
